23. The radiator arrangement defined in Claim 22 wherein at least three radiators are mounted on said support to define said chamber.

24. The radiator arrangement defined in Claim 22 wherein said chamber is completely enclosed by said plurality of radiators.

25. The radiator arrangement defined in Claim 22 wherein at least one of said plurality of radiators is releasably connected to the others of said plurality of radiators so as to provide access to said chamber.

26. The radiator arrangement defined in Claim 22 wherein at least one of said plurality of radiators is pivotably connected to the others of said plurality of radiators so as to provide access to said chamber.

27. The radiator arrangement defined in Claim 27 wherein said support includes a base having a pair of upstanding brackets.

REMARKS

The courtesy of the Examiner in granting the undersigned attorney a personal interview on December 14, 2000 is gratefully acknowledged. During that interview, the language of Claim 22 was discussed in light of the applied references. As noted on the Examiner Interview Summary Record, it was agreed that such language appeared to define the invention over the Bentz et al. ('203) reference.
